

Aquatic Ecology at Gratiot Lake

SANDRETTO SCHOLARSHIP

The Jack Sandretto Memorial Scholarship Fund was established by a generous donation to the Gratiot Lake Conservancy by Rebecca Sandretto. Each year a scholarship is awarded to a local student to participate in educational programs at the Gratiot Lake Conservancy Preserve. The scholarship, valued at \$795, includes room, board, and tuition for a student to attend the Field Study exploration of Aquatic Ecology, a Summer Youth Program hosted by Michigan Tech.

While many scholarships are based on grade point averages, there are other criteria organizations choose to base their scholarships on. With this particular scholarship we are looking for a student that has a genuine interest in the exploration (Aquatic Ecology: Field Study at Gratiot Lake), along with a personal interest in the field of Ecology. It should also be noted that, when possible, students from the Keweenaw Peninsula of Michigan's Upper Peninsula are given preference in the award.

Applications for this scholarship must be received by the Michigan Technological University Center for Pre-College Outreach no later than June 1, 2011. Applications received after this date cannot be accepted.
